Notice

Cellular 9-1-1 Calls... When calling 9-1-1 on a cellular phone, be prepared to provide the following information: your name, cellular phone number, nature of the emergency, and the location of the incident. Please note: Your call may be answered by a telephone company operator or a 9-1-1 dispatcher outside of your area.

Privacy Consideration... The 9-1-1 (nine-one-one) emergency telephone number has been developed to quickly summon emergency service in a crisis situation. Callers should realize that when reporting an emergency by dialing 9-1-1, their telephone number (including non-published numbers) and their address may be automatically displayed on a viewing screen located at the 9-1-1 answering centers and that this call may be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller even if the call is disrupted by the crisis.

Callers who do not wish to have their telephone number displayed on the viewing screen should report an emergency by dialing the seven-digit telephone number of the appropriate emergency agency.

LIPAN TELEPHONE DIRECTORY INFORMATION

The tariffs, rules and regulations of Lipan Telephone Company are available to the public in the Business Office. When a person subscribes to telephone service or any service provided by Lipan Telephone Company, they agree to abide by the lawful rules and regulations as set forth by the Telephone Company and approved by the Public Utility Commission of Texas.

TELEPHONE NUMBERS & DIRECTORIES

The ownership of telephone numbers remains with Lipan Telephone Company. We reserve the right to change telephone numbers at any time when deemed necessary.

Every effort is made to make the directory listings as accurate as possible. In case of an error or omission, the liability of the Telephone Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TOLL CHARGES

Customers assume all charges for long distance calls charged to their number whether they are made by the customer, their employees, children or guests.

If you experience problems, bad connections or misdial a long distance call, notify the operator immediately for possible adjustment.

ABUSE OR FRAUDULENT USE OF TELEPHONE SERVICE

Lipan Telephone Company's tariffs provide for the suspension or termination of telephone service for abuse or fraudulent use. Abuse or fraudulent use includes the use of telephone services or facilities to transmit a message, locate a person or otherwise give or obtain information without payment of long distance charges. Abuse or fraudulent use also includes charging a long distance call to a false number, to an unauthorized credit card number or to another number without permission. For your protection, new equipment procedures enable the Telephone Company to detect and investigate fraudulent use of telephone facilities. Federal and State laws provide that no person shall defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment, fine or both.

GENERAL INFORMATION

ANNOYANCE CALLS

The laws of Texas provide that it is unlawful for any person to use vulgar, profane, obscene, or indecent language over or through any telephone or to use the telephone with intent to harass, annoy, torment, abuse, threaten, or intimidate another. Violation of this law is punishable by a fine up to \$1,000 or imprisonment up to 12 months in jail or both. Anyone wishing to report such unlawful calls should contact Lipan Telephone Company's business office. If a threat is involved, the Police should also be notified.

BLOCKING OF 900 CALLS

Lipan Telephone Company offers blocking to pay-per-call information services. Pay-per-call services include 1 + 900 and 976 numbers. If you would like access to these pay-per-call services blocked from your phone, contact our business office. An initial request for blocking is free of charge. Subsequent requests will be subject to a service charge.

STATEMENT OF BILLING RIGHTS FOR INTERSTATE PAY-PER-CALL SERVICES

For billing disputes or inquiries, please call 254-646-2211. You have 60 days from the date of your bill to dispute a billing error. You have the right to withhold payment of the disputed charges during the billing error review. No collection activity for disputed charges will occur while the charges are under investigation. After investigation, if it is determined that the disputed charges are legitimate, the Information Provider may proceed with outside collections against your account. Your local and long distance service cannot be disconnected for non-payment of 900 charges. Failure to pay legitimate 900 charges may result in involuntary blocking of your access to 900 services. Voluntary blocking of access to 900 services is available upon request from your local exchange carrier. You should not be billed for pay-per-call services not offered in compliance with Federal laws and regulations. The enclosed consumer rights are provided under the Federal Telephone Disclosure and Dispute Resolution act. If you orally communicate an allegation of a billing error via the toll free number on the 900 bill page, it will be considered sufficient notification of a billing error. The billing entity forfeits the amount of any telephone billed purchase (up to \$50.00 per transaction) if it fails to comply with the stated billing error resolution requirements.

LONG DISTANCE CALLING

Your area code is 254. Besides being divided into area codes, Texas is divided into long distance calling areas called Local Access Transport Areas (LATAs). Generally, calls made within your LATA are handled by your local telephone company, Lipan Telephone Company. Calls to points outside your LATA are handled by long distance companies.

Types of calling:

DIAL DIRECT

1 + Area Code + Telephone Number

You may save money by dialing your calls direct without involving an operator;

OPERATOR ASSISTANCE

0 + Area Code + Telephone Number

Operator Assistance is utilized to make the following types of calls:

Person to Person - When you want to talk to a specific person, tell the operator it is person-to-person and state the called party's name. Charges begin when talking with that person begins.

Collect Call - When you want the person you're calling to pay the charges, tell the operator it is collect and your name. The operator will complete the call when the person you've called accepts the charges.

Third Number Billing - When you want the charges billed to a third number. If placing this type of call from a pay phone, someone at the third number will approve the call before the operator will complete the call.

Credit Card Call - Customers who have telephone calling cards may charge calls to their card number.

GENERAL INFORMATION

LONG DISTANCE RATES TO OTHER STATES

LOWEST RATES - DIAL DIRECT - ONE MINUTE RATES

Dial direct calls are those interstate calls completed from a residence or business line without Operator Assistance. Dial direct rates also apply on calls placed with an Operator from a residence or business line where dial direct facilities are not available.

On dial direct calls you pay only for the minutes you talk. The initial rate period is one minute any time of day or night.

HIGHEST RATES - OPERATOR ASSISTED - THREE MINUTE RATES

Operator assisted calls are those calls requiring the assistance of an Operator to complete the call. These include person-to-person, coin, collect, credit card, billed to third number, hotel guest, time and charge calls. The initial period for all Operator assisted calls is three minutes.

CALLS OUTSIDE CONTINENTAL U.S.

There are different dial direct rates that apply on calls to U.S. Virgin Islands, and the Bahamas. Other locations capable of being dialed direct are parts of Mexico, including Mexico City. For calls to all other points outside the Continental U.S., dial "0" and ask the Operator to place your call. The Operator can also give you rates for calls to these locations.
